

# Workshop Synchrotron Radiation Day

(Riga, May 16, 2008)

*Organized by  
EXAFS Spectroscopy Laboratory  
of the Institute of Solid State Physics University of Latvia*

The Workshop will be dedicated to the information exchange and establishing of collaboration between Latvian and Swedish researchers in the field of Synchrotron Radiation and related activities.

9:30	<b>Welcome address</b> Prof. Andris Sternberg, ISSP UL, Riga
9:40-10:00	<b>Synchrotron radiation and research infrastructure in Europe and Sweden</b> Prof. Ulf Karlsson, KTH, Stockholm
10:00-10:45	<b>The MAX-IV project</b> Prof. Nils Mårtensson, Director of MAX-lab, Lund
10:45-11:00	<b>Short break</b>
11:00-11:45	<b>NANO and Material Science at MAX-IV</b> Prof. Åke Kwick, MAX-lab, Lund
11:45-12:00	<b>Summary</b>
